Lion's Mouth

You can charge me with a crime
From a law between the lines
I will serve my time with a smile
Look's like I'm guilty of love
For the Lord up above
And if that's what I've done
That's just fine

So go ahead and roll away the stone that lays in front of this den
Open up the lion's mouth and let me in
Because you know that God knows my heart
He knows just where I've been
Open up the lion's mouth and let me in

I'm gonna leave it up to you
I know it's just a test you've put me to
And I know you'll see me through and set me free
So I'm not that scared of lions, tigers, or bears
Because I know who takes care of me

You can try to find ways to put an end to my days
You can try to find ways to bring me down
But it's not gonna change the way I feel inside
And you're not gonna stop me now
