Sunrise

I know I'm the one to blame for all that was done in the past
And it seems so out of line for me to be the one who got mad
But now the sun is gone and the anger still holds on in my heart
So is this the only thing keeping me and you apart?
Then don't let the sunrise
Don't let it be goodbye
I need a little more night to make this right in your eyes
It's too soon to be a new day
There's too much left I needed to say
If I could just stop time for a little while before the sunrise

I don't want to see this animosity anymore
And if you left it up to me I'd come running full speed to your door
But now the sun is gone and the anger still holds on in your heart
So is this the only thing keeping me and you apart?

If the sun would wait one more day to rise
